Q53. I'm going to export equipment with FASTECH's product. What kinds of certification FASTECH have?

Answer : FASTECH basically follows the global standard. In regards to the CE certification, we are moving forward in getting this certification for all of our products, and also have plans to get RoHS, UL, S-mark, etc by customer's request about each model. However it takes time and cost to get these kind of certificate about all the model, we've been proceeding gradually by priority. If you have certain request of certification, please call our sales department (Tel. +82-32-234-6300) and we will give you best answer.
